

# Pro Tools 130 Training in Game Audio Avid Training Partner Program

Enrolments are now open for the popular Pro Tools 130 official Avid training partner program. As the only Avid-authorized partner school in the ACT and surrounding region certified to deliver official training in Pro Tools, the CIT Music Industry Centre is your smartest choice for training in this industry-standard audio recording and mixing software.

The Pro Tools 130 training program exposes students to the core skills, workflow, and concepts involved in creating and implementing game audio using Pro Tools systems. It covers basic sound design techniques along with example workflows. After successful completion of the program and final assessment exam, students are issued with an internationally recognised Pro Tools 130 certificate of completion authorised by the Avid corporation.

Program Details (Sept-Nov, 2014)	
<b>Dates</b>	2 September to 11 November 2014 (9 weeks)
<b>Class Day / Time</b>	Tuesdays 5:30-6:30pm, but may be completed flexibly without physically attending classes.
